

WOMEN & GOLF AT CLECKHEATON GC

Entry to competitions is open to everyone dependent on your membership category rather than your gender. However, some historic trophies which have been played for many years are for certain categories such as ladies, juniors, rabbits, men. Usually when there is a trophy competition, and you are not eligible to win the trophy, you will still be able to play for a divisional monetary prize.

. The following competitions are mostly played over 2 days – Tuesdays and the preceding Sunday. The tee is reserved for competitions on a Tuesday between 9.30 and 11am however you can play outside these times. On a Sunday you can play anytime if you are a 7 day member, and after 10am if you are a 5 day + member. If you are a 5 day member you are restricted to playing on a Tuesday.

The Tuesday/Sunday competition scores are amalgamated when the competition is closed. These are open to all men and women. However, men are unable to win the trophy. For example when it is the medal final day the best net women's score over the 2 days will win the trophy. A man or women can win the divisional monetary prizes. Entry to competitions is in the pro shop and entry fee is usually £3 which is deducted from your account. This can be 'topped up' using your membership card in the pro shop or over the bar, or on the ClubV1 app on your smart phone.

In addition to all the competitions listed below there will also be a 9 hole stableford on a Tuesday. Whilst we encourage you to play in our 18 hole competitions there are times when this is not possible. Entry to these are £2 and you will need to sign in in the Pro shop. The 9 hole competitions will count as a qualifying score for your handicap when course conditions allow, and the winner of each 9 hole stableford will qualify to play in the 9 Hole Stableford Final in July.
